Obituary.

Mrs. S. T. DuBois passed from death into life at her home in this city January 29, after a protracted illness of several months. During much of that time her suffering was most intense. She quietly bore it all with that Christian fortitude so peculiar to her character, even down to the last day of her sickness greeting her friends and fully appreciating the many little kindnesses which they so lovingly bestowed upon her.

Mrs. DuBois was one of those strong characters who commanded the respect of every one who met her. Her immediate friends, those who knew her best, found her to be a true and noble woman, of strong and abiding faith, a fond mother, a faithful friend.

Her life was quiet and unostentatious, but full of good works. For many years she took an active interest in the temperance cause, being thoroughly conversant with the different phases of the work.

She was identified with the W. C. T. U. and known as an earnest worker. Her books were her constant companions. She was familiar with the lives of the great and good, the noble and true, of this and past generations. Her knowledge and reverence for the "Book of All Books" was remarkable, as shown in the accuracy with which she retained and quoted its precepts and promises.

She was a member of the C. L. C. C. from the earlier days of its organization, being active in forming the first little reading circle in Wichita, known as the Sunflower circle, was one of its brightest and most earnest members keeping up her readings down to the present. Mrs. DuBois was born in Lexington, Ky., one of a large family of twelve children, four of whom are yet living, two brothers and two sisters, one sister having been but recently called home.

At the age of 12 years she went to Carlinville, Ill., where she lived until married a Mr. McCreedy DuBois, where they resided and educated their family. Her husband and five small children were buried at Carlinville, where she lived nearly six years, coming to Wichita nearly eleven years ago. She was almost 70 years of age at the time of her death. She leaves five children to mourn her loss, Mrs. Slayton, Mrs. Bessie DuBois of Springfield, Ill.; Mr. N. DuBois, together with the son and daughter Mr. H. M. DuBois and Miss Lucy DuBois of Wichita.

Why speak of our loss? We shall miss her voice, her face, but the song of gladness and triumph is hers. To her Savior, her church, she gave her first and best love, having served her Master for a little over forty years. All these years she was regular in attendance at worship in God's house, benevolent, active in the Sabbath school, and deeply interested in missions, both by personal acquaintance with the missionaries and by her work for them. While resting under the shadows of death, she looked forward with hope to that bright resurrection morn when she shall be reunited around the throne of God in heaven, singing praises to our Blessed Redeemer.

A FRIEND.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 1, 1916. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I readily recommend it." 25 and 50 cent bottles for sale by all druggists.

STOCKS AND BONDS

SHARES MORE ACTIVE AND DEALINGS FAIRLY DISTRIBUTED.

Northern Pacific and Sugar Bank First and Second in Extent of Trading, the Former on the Demand for Foreign Account. The Authorities and Long Island Achieve Prominence—Market Closes Steadily at Slight Net Changes—Bonds Unequivocally Active—Briak Demand for Government—The Week's Review.

New York, Jan. 29.—The stock market today was more active and the dealings, aside from Northern Pacific and Sugar, which ranked first and second in extent of trading, were fairly well distributed. The course of prices was irregular, with some special movements in a few stocks due to particular developments. The Northern Pacific was decidedly strong feature, on a demand for foreign account, based upon rumors of impending alliances likely to strengthen the system, and expectations of improved earnings. The common stock rose fractionally while the preferred gained 1 1/2 per cent, touching 99 1/2 per cent, and favorably expatriated influence on the general list resulted, which served to offset a disappointing statement for December. The coal stocks, of moderate transactions, were again prominent. The Lackawanna annual report, showing a deficit of \$69,250, after charges and dividends, and earnings of only a little over 2 per cent on the stock, as against 10 per cent paid, stimulated an advancing market, but had been in progress in the group. On liquidation and bear pressure the stock declined 2 1/2 per cent and Delaware and Hudson and New Jersey Central 1 1/2 per cent each. Substantial but not enough rallies ensued, until the close, when the first mentioned properties. The low-priced stocks attracted considerable interest. Long Island jumped 4 1/2 per cent, 10 1/2 per cent, on a belief that Mr. Little's report would confirm the figures submitted by President Baldwin to the stockholders and encourage the execution of his plans for the development and extension of the property. The bears again selected Manhattan for a special target and forced the price down 2 per cent, to 9 1/2 per cent. The Erie stock, which had been in a narrow limit with an upward tendency. Railway bonds were unusually active and in the case of some of the recently depressed issues material advances were secured, and notably in Hook Valley stock, which rose an extra 10 per cent, to 7 1/2 per cent, on the settlement of the coal was announced yesterday. Sugar lacked support late in the day and dropped a point. This decline and the weakness in the anthracite coal stocks caused a recession in the general list, but a rally occurred toward the close, which was partly attributed to the announcement of a reduction in sterling exchange figures. The market left off steady at slight net changes. The total sales of stocks today were 1,070,000 shares, including: American Sugar 15,700; Burlington, 5,000; Chicago Gas, 2,300; Columbia, 10,000; Delaware and Hudson, 7,900; Manhattan, 6,300; Northern Pacific, 1,000; Northern Pacific, 1,000; Sugar, 1,000; Union Pacific, 1,000; and others.

The bond market was unusually active on an investment demand for local and foreign account. The dealings covered a wide variety of issues and some striking gains were secured. The sales were \$1,000,000. The more important advances were in Utah Southern general 5 1/2 per cent, 9 1/2 per cent; Utah Extension 5 1/2 per cent, 9 1/2 per cent; Pittsburg, Fort Wayne and Chicago firsts, 2 1/2 per cent; Colorado Midland firsts, 2 1/2 per cent; Chicago and North Western 4 1/2 per cent, 1 1/2 per cent; Union Pacific 4 1/2 per cent, 1 1/2 per cent; and others.

The demand for governments for investment account by corporations and individuals at capitalists continues brisk. The new 4 1/2 per cent U.S. bonds, which were sold at a premium of 105 1/2, are now selling at 105 1/2. The sales were \$1,000,000.

FOREIGN STOCK MARKETS.

New York, Jan. 29.—The Evening Post's London financial cablegram says:
